Just wondering, when will be Forever and Always be available? I am really very looking forward for it. Am I the only one put off by the fact that the author is the only person rating her books?
Less Than Nations Central Eastern European Minorities After WWI Volume 2

I wish I possibly could answer your question but anything I say would have been a spoiler. I have this cover. She looks drugged.

I actually loved the ending! My husband hated it. I thought the ending easily fit in perfectly with the theme of how all actions have consequences. I have just finished revisions to my novel, 'A Filter and Mattress Weapon', and my agent will be shopping it around. I'm currently trying to finish the zeroth draft. I am working on a novel called 'The Diary of a Disappeared', which takes place about 25 years after the end of my novel, and includes a whole new cast of characters. I'm also proofing my new children's book, 'Bo Bo and Cha Cha Cook Up a Storm', which will be published by Epicram Books in October 2014. Before you ask reading any of these books: it is best to Google "Garre spy jargon". You will find definitions of "junto" and "morth" and other code words sprinkled throughout.

This is easy. Wil's mother is in fact Indonesian. Also, Wil had probably never gone to an international country before, not too Michael Mrupuro. The name believed that planning to Indonesia might make both of these relieved about the countless stresses they are getting through.

There are so many great resources available, but I haven't made it hard to narrow it down. My favorites are SAVE THE CAT by Blake Snyder, HOOKED by Les Edgerton, and WRITING THE BREAKOUT NOVEL by Donald Maass. As far as the best tips, remember that you'll need a character and an objective, or a problem and effect in mind as you go from event to another is also helpful. Good luck!

I'm almost by the end of it and wondering why I've kept reading. I too find it dull, annoying and gratuitous. Thanks for your comment. I also so much expected more. But I haven't read any of her earlier books, I might find if I will see them at library.

I'm almost by the end of it and wondering why I've kept reading. I too find it dull, annoying and gratuitous. If you don't want to purchase the hardcover book, visit your library and borrow it there. You'll want to see the photos, map, etc. I think. I don't publish. Is it? It is important to have an attractive cover that is a great deal more interesting than the inside.

Don't fear because, 'Clock Dance' by Anne Tyler is going to be released July of 2018. What does worse mean?

I thought he was drugged often. He'd jetlag for a long time. He couldn't remember things and was sleepy. He believed adding George Newbern to narrate Adam's part was a big mistake. It took far from the flow of the audiobook and had me wishing on numerous occasions so it was just Lorelei rocking it the way she always has. It was necessary and I didn't like it. Not. One. Bit. I believe in a heritage after death. It's in exactly the same universe (in fact, a number of the characters are mentioned) but I don't think it will affect your reading connection with the book. I've read 'The Furthest Shore' by China Aiken and 'The Disappeared', which takes place about 25 years after the end of my novel, and includes a whole new cast of characters. I'm also proofing my new children's book, 'Bo Bo and Cha Cha Cook Up a Storm', which will be published by Epicram Books in October 2014.
